Dear Sir/Madam:

As you know, our two governments (U.S. and Canada), have increased the level of their post-verification on the compliance level of importers/exporters shipping goods between our two countries under NAFTA.

In order to comply with NAFTA regulations, Suppliers must complete a Certificate Of Origin of the North American Free Trade Agreement. You will find two additional attachments in this e-mail containing a blank copy of the Certificate itself, as well as an attachment with explanations on the certificate.

You must complete this form urgently, sign it and fax it back to the following number:
